- **Virtually Eliminates Fingerprints & Smudges**
- **Environmentally Friendly – Uses Manual Pump Sprayer, Not Aerosols**

CHG's Brite Gard™ Stainless Steel Cleaner/Protectant has been specially formulated to clean, shine and protect your stainless steel equipment. With proper care, your professional stainless steel appliances and fixtures will last a lifetime and look as good as the day you purchased them.

Many of today's industrial cleaners contain abrasive or corrosive substances that may permanently damage your investment. CHG's Brite Gard Stainless Steel Cleaner/Protectant safely cleans stainless steel while leaving a non-toxic surface-saving protectant. This micro-thin oil-based layer seals the surface from airborne environmental elements while virtually eliminating everyday fingerprints and smudges.

Finally, there is a safe and easy way to keep your stainless steel equipment looking their best all year long without harming the environment.

**Biodegradable**  
**100% Recyclable**
